

# PRODUCTION DESIGN

A COMPREHENSIVE DIPLOMA COURSE FOR ASPIRING DESIGNERS

## Course Overview

The Production Designing Diploma is a concise yet comprehensive course designed to equip students with foundational skills in production design. Over the span of 1.5 months, you will engage in immersive learning experiences that combine theory and hands-on practice, preparing you for entry-level roles in the film, television, or theater industries.

## Course Structure

- **Duration:** 1.5 Months
- **Schedule:** Classes are held twice weekly, each lasting 3 hours
- **Total Cost:** ₹12,000

## Learning Outcomes

By the end of this course, participants will:

- Gain a basic understanding of the principles of production design.
- Learn to conceptualize and create visual styles for various productions.
- Develop skills in set design, props management, and costume coordination.
- Understand the role of a production designer in the broader context of a production team.

## Curriculum Highlights

### Introduction to Production Design

- History and evolution of production design
- Overview of the production design process

### Visual Storytelling

- Understanding scripts and visualizing scenes
- Using color, texture, and space to enhance storytelling

### Set Design and Construction

- Basics of set design: from concept to execution
- Introduction to materials and tools

## **Costume and Props Coordination**

- Role of costumes and props in character and story development
- Techniques for sourcing and creating props

## **Practical Workshops**

- Hands-on sessions in creating and designing sets
- Collaborative projects to simulate real-world scenarios
